What's new

Date	Description	Revision
February 2024	Release notes to support HID Origo Management Portal 8.35.9	E.2

A complete list of revisions is available in **Revision history**.

1.1 Scope

These release notes provide information on HID Origo™ Management Portal Release 8.35.9. Included are new product features and enhancements, resolved issues, and known issues since the previous release.

1.2 New features and enhancements

HID Origo Management Portal Release 8.35.9 enables support for Mobile Access administrators to enable or disable organizational level control for the **Padlock** and **Twist & Go** features:

- **Padlock**: When this checkbox is cleared, the padlock icon in the Mobile Access App appears grayed out and becomes unavailable for use.
- **Twist & Go**: When this checkbox is cleared, users are prevented from performing Twist & Go in Mobile Access.

> **Note:** If both the **Padlock** and **Twist & Go** features are disabled, the **Nearby Readers** section in the HID Mobile Access App is not displayed. In addition, users will be notified about these feature settings after a relaunch or pull-down refresh of the application.
